

DAY | 6 SEMESTERS
1605 hours

AEC
LCA.70

The Business management program (AEC) is designed for students interested in all aspects of business management and sales, either of a commercial establishment or a company.

Business management technicians are responsible for managing a business or supervising a sales team. The Business Management program was therefore conceived to teach students the main responsibilities of a professional in the field, including managing sales personnel, setting and meeting sales objectives, promoting and marketing products and services, and providing customer service.

Students will therefore have optimal preparation when entering the job market.

Diploma

This program leads to an Attestation of College Studies (AEC).

Work-Study Program (WSP)

Work experience is recognized and in high demand by employers. The Work-Study Program (WSP) is an educational model that allows you to undertake two paid internships during your studies to gain work experience related to your field of study. Please consult the Work-Study Program section for more details. Not available to students who begin in the Winter semester.

Admission Criteria

- Have a training deemed sufficient and meet the admission criteria set for college studies
