Become a key manager with LaSalle College Montréal's Operations & Production Management program (ACS). Guarantee safety for your team and consistency in product manufacturing. Uphold quality standards, control costs, and keep customers satisfied. Elevate the brand thanks to your expertise.

## Career Prospects and Career Fields

According to Job Bank, Operation and Production Managers offer a multitude of equally stimulating career opportunities, in Canada or abroad.

Due to population growth and increasing exports, production managers have excellent job and career development opportunities within companies that uphold production standards.

- Production Supervisor or Coordinator,
- Production Planner,
- Quality Technician or Supervisor.

## Diploma and Accreditation

This Attestation of College Studies (ACS) is approved by the ministère de l'Enseignement supérieur of Québec and is internationally recognized.

ACS programs are part of continuing education and destined primarily for adults seeking to add value to their skill set or reorient their career.

A student without a Certificate of eligibility (CEO) who begins an ACS program in English will be required to demonstrate sufficient knowledge of French, as defined by the regulations of the Ministère de la Langue française, in order to graduate.
