<b>Procedure Number</b>	A012
<b>Approval Authority</b>	Academic Board
<b>Responsible Officer</b>	Dean
<b>Operational Responsibility</b>	Academic Operations Manager
<b>Purpose</b>	This procedural document outlines the steps for academic progression matters and exclusions at LCI Melbourne.
<b>Scope</b>	This procedure applies to all LCI Melbourne students enrolled in credit bearing courses that result in an award, including overseas students and local FEE-HELP loan and non FEE-HELP loan students.
<b>Procedure</b>	<p><b>1. Student Progression Procedure</b></p> <p>1.1 Course orientation programs will communicate to students before commencement the requirements to achieve satisfactory course progress.</p> <p>1.2 Academic progression assessment is undertaken at end of each trimester as well as progression analysis which occurs in the mid-trimester phase. An 'institutional statement of marks' report is generated by the Student Experience Manager from Clara (Student Management System) in in week 5 and week 13 in any given trimester in preparation for the subsequent following trimester.</p> <p>1.3 An analysis of student progression is undertaken with due consideration of any failed grades, repeated attempts, grade point averages and any Equitable Learning Plan (hereafter ELP) matters.</p> <p>1.4 At any point throughout the academic cycle, academic staff should flag any students they are concerned may be academically at risk or may qualify for an ELP. ELP students and those identified as 'at risk' are recorded in the 'Students at risk/ELP register' which is shared confidentially with Academic and Student Experience staff members. Students who have previously been identified on the 'students at-risk/ELP register are automatically carried forward to the following</p>

trimester’s register. For students identified on the ‘students at-risk register’ they are categorised as per the following table:

Low	‘Pass’ mark in previous trimester
Medium	Carried forward from previous trimester if identified as ‘at risk’ or having ELP concerns
High	Repeating failed units or previous MIA student

**2. Attendance Requirements and Support Strategies for non-attendance**

- 2.1 Students are expected to attend all scheduled classes. Where a student is unable to attend a scheduled class, it is their responsibility to inform Academics with a valid reason for absence. Students are expected to catch up with content posted online via Omnivox within 24 hours of their scheduled class time.
- 2.2 Academic staff monitor student attendance by marking absences into the Learning Management System (Omnivox) which automatically updates the Student Management System (Clara) with attendance data.
- 2.3 As a first or second instance, After the second consecutive unexplained absence where no successful contact has been made by the student. Academics are required to attempt contact with students via an alternative method, in addition to Mio, using letter template 1.2, the Microsoft Teams chat facility and/or e-mail.
- 2.4 Where continued (three sessions or greater) non-attendance/participation is present, Academics flag this with the Student Experience Manager who will issue an Academic Care Letter to the student via email, using letter template 2, which requests attendance to an Academic Progression Counselling meeting. The expressed aim of the meeting is to discuss and implement appropriate academic care and intervention strategies, and outline consequences for ongoing non-attendance/participation and/or non-submission of
